DREWSEN at INTERGRAF 2009

From May 13-15 May the XXIII International Security Printers' Conference and XII Suppliers' Exhibition, INTERGRAF 2009 took place in Stockholm. At this event DREWSEN launched a fresh new-look for its PROSECURA range, which includes a comprehensive range of security papers – from cheque paper with chemical security features to passport papers with security threads. The eye-catching stand was designed with the slogan “*security papers as individual as you are*” and promoted the idea of individuality – every paper is unique. The relaunch of DREWSEN at Intergraf was a big success, confirmed by many new business contacts as well as by long-term business partners who were welcomed on to the stand. Overall the presence of DREWSEN at Intergraf was a great success and served to underline our reputation and strength as a long standing and reliable producer for security papers.

DREWSEN, with its headquarters in Lachendorf, Germany, supplies its speciality and security papers to many customers throughout the world. With the production capacity of 160.000 tonnes, the DREWSEN product portfolio consists of three product groups: PROSECURA Security Papers, PROFINO Fine and Business Papers and PROTECH (Specialities for technical applications). 400 employees of the independent, family owned company generate an annual turnover of 135 mil. €. DREWSEN is a market leader and world-renowned for its high quality products and individual customer service.
